Use body language and gestures to help the person understand what you are saying. Types of Approach The indirect approach in interviewing consists of discussions carried out in a conversational tone that permit the interviewee to talk without having to answer direct questions. Many times, it is a life transition that is causing stress, like going from high school or university to the work world, or from the work world to retirement. Receive periodic e-mail updates. It also jeopardizes the public support and trust that the security industry in general has struggled so hard to build. Again it is emphasized that appearance, attitude and training are the three most important factors to promote a good public image. This refers to beating or forms of assault such as hitting with a rubber hose, Roth.
